SUMMARY

Final-year Diploma in Computer Science student with hands-on experience in full-stack web and mobile application development. Experienced in **C++, Java (OOP), JavaScript, HTML, CSS, PHP, SQL, and React Native**, with an understanding of database management and API integration. Currently seeking an internship opportunity from **7 September 2026 to 19 February 2027** to contribute to real-world development projects and gain industry exposure.

EDUCATION

Universiti Teknologi MARA (UiTM), Kampus Tapah, Perak

- Diploma in Computer Science
- Current CGPA : 3.71
- Dean's List Award (Semesters 1, 2, and 3)

HANDS-ON PROJECT

SimpleTask App

Full-Stack React Native App

- Developed a mobile application with user authentication and categorized task creation.
- Integrated Appwrite for backend services, including database management and user auth.
- Designed a user friendly interface to create tasks by category (e.g. Work, Personal)

Task and Workflow Management System

Full-Stack Website

- Built a web-based task tracking system with separate Admin and User roles.
- Developed the backend using PHP and MySQL with role-based authentication and session control.
- Created a front-end interface using HTML, CSS, and JavaScript for task management.

EXTRACURRICULAR

Representative of UiTM Football Team in Silver Lions Tournament

- Represented UiTM Tapah in the Silver Lions football tournament and participated in competitive matches while building teamwork and communication skills.
